Category: level 1 Service Provider
Validation Date: 19 April 2024

Conditions of issuing

1) This document indicated that the aforementioned company has been assessed against the requirements of the Payment Card Industry (PCI) Data Security Standard (DSS) 4.0 and was found to be compliant to PCI DSS on the listed validation date.

2) This certificate is relevant to compliance conditions as described within the PCI DSS standards and the published Report of Compliance. This certificate is valid for a one year period from date of issue.

3) The certificate offers no guarantee or warranty to any third party that the company is invulnerable to attack or breaches in its security, and Fortytwo Security BV, accordingly, accepts no liability to any third party in the event of loss or damage of any description caused by any failure in, or breach of, the subject's security environment either on a prospective or retrospective basis.
